

# Green House Vegetarian Bed and Breakfast

## Welcome to Green House B and B

### Where is Green House?

Green House vegetarian bed and breakfast is situated in the market town and historic port of Bideford in North Devon, in the South West of Great Britain. Bideford is set on the tidal river Torridge and is 3 miles away from Westward Ho! beach.

Green House is an 1850's stone built detached property in a quiet, residential area. The house is in a small traffic-free lane (which is Torridge Street!) Only pedestrians go past the house and the lane is used by locals on their way to and from town. There is a guest parking space outside the house. We are an easy and enjoyable 5 minute walk from the town centre and all its amenities.

### Facilities

At Green House we have one double guest room with an en-suite shower room. Our guests enjoy free wireless broadband during their stay. Our decked garden is available for guests to use. We are a non-smoking, vegetarian (pescetarian) household and implement green practices.

### Friendly and welcoming

We are friendly and welcoming, so you can relax but also have your own independence during your stay with us. You can holiday at your own pace and come and go as you please. If you wish to chat to us over a cup of tea, or over breakfast then we are always happy to talk to you about the area and suggest places to visit. If you want to have a quiet, private breakfast then we will respect your wishes and privacy.

### Vegetarian food

At Green House we offer an exclusively vegetarian breakfast menu. Our breakfasts satisfy all our hungry guests, vegetarian and non-vegetarian alike. We enjoy preparing special breakfasts to accommodate dietary needs and preferences. Our menu features home-made bread and pancakes, locally made jams and preserves, free-range eggs, soy products, a variety of teas, organic coffee and always locally sourced food wherever possible.

A vegetarian evening meal is usually available upon request.

### River views, walking and cycling, the coast

Green House is close to the river Torridge and the guest room has a view of the river. We are virtually on the Tarka Trail, a wonderful traffic-free cycle and walking trail that runs for miles in both directions. Hiking is possible from the front door, with trails leading to the coast and inland. There are numerous day-hikes that can be done using public transport from the town centre. Westward Ho! and Instow beach are our local beaches and are both only 3 miles away – a short scenic bus ride or a healthy one hour hike.

We are happy to make suggestions for places to visit, see, devour the best Devon cream tea, have dinner or enjoy a local ale in a traditional English pub.
